

## Airport Stats

Year-on-year, passenger numbers rose by 1%, or 2,018 people. This growth was primarily driven by UK routes, with modest increases across nearly all year-round services to Birmingham, Bristol, Exeter, London and Manchester.

Air passenger volumes in June decreased by 1% compared to June 2024, representing a reduction of 839 travellers. Conversely, ferry passenger volumes increased by 12% meaning we saw a net increase of 3,562 people travelling to the island, and a continuing pattern of visitors preferring to travel by sea.

Operational issues led Aurigny to cancel some flights from London City during June, redirecting passengers through London Gatwick instead. While London City saw a decline of 431 passengers, Gatwick experienced a rise of 561, resulting in a net gain on the London routes compared to June 2024.
